On-Demand Manufacturing (ODM)

- *ODM is the newest feature of the EMALL*

- ODM allows Customers to initiate contact with potential suppliers for products that do not have a finished goods inventory.

- Suppliers include Commercial vendors and Government Organic Suppliers

- Customers can transfer information to the suppliers via online communication that can accept file transfers

IT Corridor

- Provides commercial IT products like hardware, software & replacement parts

- Purchases can be made with Purchase Card

- Provides access to commercial vendor's websites to utilize special features*
  - Custom Hardware Configurations*
  - Individual Software Licenses*
  - Special IT packages*

- IT Corridor Items include:
  - » Printers, Monitors, Keyboards
  - » Batteries, Cables, Software
  - » Internal Parts, Peripherals

* Features will be available in future releases of the DoD EMALL

Searching

- Green filter limits search to qualified environmentally friendly items

- Can search for only NSN's

- Table of Contents allows for searching within specific catalogs of portions of catalogs

- Seven different ways to search for a product

  - *Keyword Search*
  - *NSN*
  - *NIIN*
  - *Mfr. Part Number*
  - *Mfr. Name*
  - *Catalog Number*
  - *UPC*

WWW.EMALL.DLA.MIL
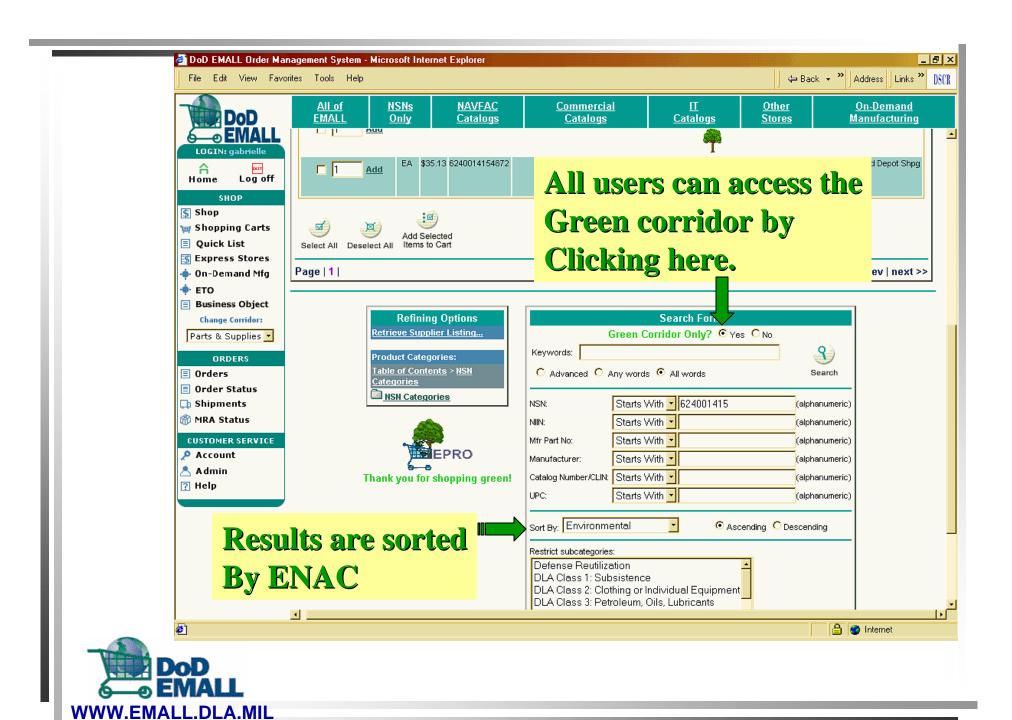

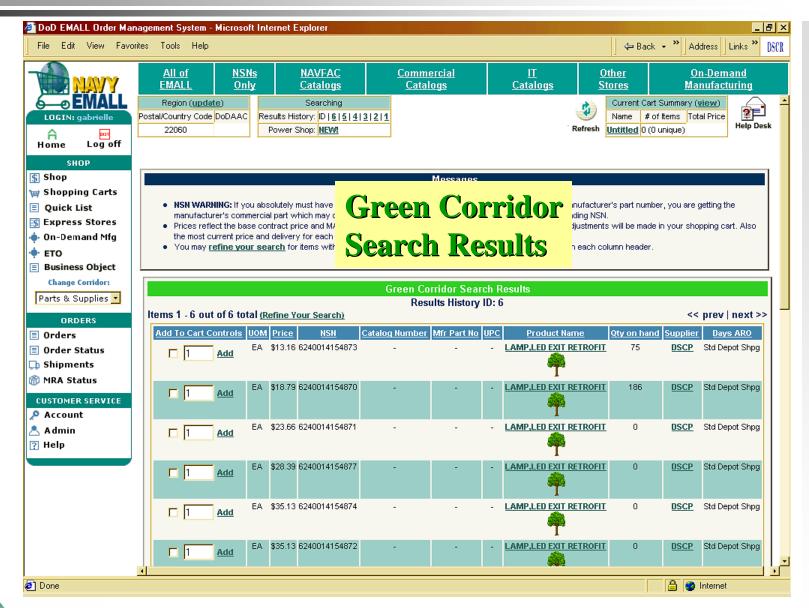

EPRO Integration

- Information icons: marks items with an Environmental Attribute Code (ENAC)

- Green "filter": only items with an ENAC are returned in a query

- Direct Link from http://www.dlis.dla.mil/epro/

- Green filter in "on" when direct link executed

- A few screen modifications

WWW.EMALL.DLA.MIL

Regional EMALL

- ## Regional Pricing
  - By inputting your zip code or DODAAC, the EMALL knows your location and adjusts your product pricing accordingly

- ## Regional Shipping
  - The EMALL ships from the closest distribution center to the delivery point to provide the lowest shipping costs possible

- ## Regional Vendors
  - Local vendors can support their local customers on the EMALL

DoD EMALL

Payment Options

- ## Government Purchase Card
  - EMALL validates the credit card being used is a valid Government issued Purchase Card
  - Any employee with a GPC can purchase on EMALL
- ## MILSTRIP/FUNDCODE
  - MILSTRIP/FUNDCODE must be validated through the EMALL Help Desk when registering

Business Objects

- Business Objects is a software program that allows for the gathering and filtering of information within the EMALL database

- The software is attached to all EMALL database information and allows for customized reports on all sales data.

- Reports are available upon request on data related to relevant business operations.

- In the future, limited access will be granted to outside users for additional report customization.

DoD EMALL

WWW.EMALL.DLA.MIL

Newest Features of the EMALL

- Integration of Ariba Network Connect Program allows EMALL to reach broader vendor base

- Power searching and Express Check-out make the EMALL even easier to use
